To Our Donors

Welcome to the community of generous donors at TrustBridge Global Foundation (“TrustBridge”). We are grateful that your journey of generosity has led you here. Because giving is much more than a financial transaction, everything we do at TrustBridge is designed to help make your experience of giving as convenient, effective, and rewarding as possible.

In this guide, you will find essential information about our innovative solutions and tools that help you simplify your giving and magnify your impact.

Whether you're looking for a way to manage your giving online, give charitable grants anywhere in the world, or maximize your giving during a major life event such as the sale of your business or property, we can help you find the best way to leverage your gifts for the causes you care about the most.

On TrustBridge's website, trustbridgeglobal.com, we provide 24/7 secure portal access to your TrustBridge Foundation Fund and other giving solutions activity, as well as tools to manage contact information and Fund preferences.

For decades, organizations like ours have sent billions of euros, yen, and dollars to innumerable charities at the recommendation of the donors we serve. You can become part of this network of like-minded individuals and families. Thank you, and we look forward to helping you dream big so that you can do more with your giving than you ever imagined possible.

To Our Charities

The vision of TrustBridge Global Foundation (“TrustBridge”) is that charities everywhere have all they need to accomplish their mission. We love serving charities like yours, helping you to thrive and make a difference in the world.

In this guide, you will find essential information about our innovative solutions and tools that help you receive donations from donors all over the world.

Whether you're looking for a way to manage your donations online, offer a single international giving solution, or work with major donors during a significant life event such as the sale of a business or property, we can help you find the best way to leverage their gifts for your cause.

On TrustBridge's website, trustbridgeglobal.com, we provide 24/7 secure portal access to your TrustBridge Charity Fund and other giving solutions activity, as well as tools to manage contact information and Fund preferences.

For decades, organizations like ours have sent billions of euros, yen, and dollars to innumerable charities at the recommendation of the donors we serve. You can become part of this network of donors and charities. Thank you, and we look forward to helping you dream big so that you can do more for your cause than you ever imagined possible.

The TrustBridge Global Network

One of the key characteristics of TrustBridge that distinguishes us from others is our fast-growing network of members and partners around the world.

Using this network, TrustBridge provides a platform of connectedness, common vision and mission, training, systems, and accountability by which like-minded foundations and charities flourish through a system of advice, cooperation, and assessment sharing.

The result is reduced cost and compliance burdens for givers and increased speed of transactions for charities. The use of the Network currently allows us to provide potential tax benefits in Switzerland, the US, Puerto Rico, UK, Australia, New Zealand, Germany, Netherlands, and Canada. Post-grant reporting may be required on grants that include donor money from certain countries.

Together, TrustBridge and its Network Members currently serve over 100,000 donors and almost 100,000 charities worldwide. Our hope is to one day have local involvement in almost every region, as we envision a world where it is as easy to give to foreign charities as it is to give to local ones.

Giving Solutions Through Network Members

A Supporting Organization (SO) is a separate USA tax- exempt public charity that may be established through TrustBridge's USA Network Member. An SO is often used when a giver either desires greater investment flexibility, or more hands on involvement in recommending grants. An SO operates as a distinct legal entity, may have its own staff and operating expenses, and may provide for family involvement. A board (which will generally include at least one member of our staff) governs the SO, establishes its charitable purposes, and approves grants to charities. An SO is often coupled with a TrustBridge Foundation Fund for grant making.

A Fiscal Sponsorship (also known as expenditure responsibility) is implemented through a legal agreement with TrustBridge through TrustBridge's USA Network Member, Givers Legacy Foundation ("GLF"). It allows approved charitable activities to be carried out by an individual or an organization operating under the tax-exempt status of GLF. GLF retains full control and discretion over the allocation of funds. The assessment for Fiscal Sponsorships is generally USD 1,900 for the initial application and approval, and 3% for each disbursement (subject to applicable minimums). However, the specific terms of each Fiscal Sponsorship may be higher based upon certain factors and are negotiated on a case by case basis.

TrustBridge's Giving Solutions

Foundation Fund

A **TrustBridge Foundation Fund** is a donor-advised fund sponsored by TrustBridge from which authorized individuals may recommend grants to approved charitable organizations. A Foundation Fund may hold a variety of liquid and non-liquid assets and invest in active or passive investments. It can also be managed separately by an approved financial advisor and is subject to balance-based cost assessments.

Charity Fund

A **TrustBridge Charity Fund** is a fund dedicated to the work of an approved charity. A Charity Fund may hold a variety of liquid assets. It is not subject to balance-based cost assessments.

A **TrustBridge Canada Program Fund** is an additional Charity Fund that is offered exclusively to charities that have Canadian givers. Canadian regulations require a separate Fund to be established for Canadian givers to receive a tax benefit for their giving. Grants from this type of Fund require a pre-submitted budget and post grant reporting within six months. Because of the additional costs associated with the set-up of this type of Fund, it is generally recommended only for charities receiving Canadian giving in excess of CAD \$50,000.

Each proposed project must be consistent with the charitable mandate of both TrustBridge, as well as TrustBridge's Network Member, the Canadian National Christian Foundation.

“It’s not how much
we give but how
much love we put
into giving.”

~ Mother Teresa

Gifts and Contributions

The Fund name, Fund number, and any required documentation should accompany all gifts. For receipting purposes, the name of the donor(s), mailing address, and e-mail must accompany all gifts.

Donors

Gifts may be made by any legal person, including individuals, for-profit and non-profit corporations (such as other donor-advised funds), general and limited partnerships, GmbHs, trusts, and estates. These entities are individually referred to in this guide as “donor” and collectively as “donors.” It is typically the responsibility of the donor to determine and substantiate the value of the gift in accordance with the rules and regulations of their applicable jurisdiction. In general, TrustBridge does not take gifts from non-beneficiary pension or other retirement accounts.

Types of Gifts Accepted

CASH GIFTS

Gifts may be given in various currencies via check, money order, or wire transfer. TrustBridge will provide EFT/ACH, and wire information on request. In some circumstances, minimum contribution assessments may apply, e.g., AUD 150 in Australia.

PUBLICLY TRADED SECURITIES

Publicly traded securities may be gifted via electronic transfer or in certificate form. It is the general policy of TrustBridge to sell gifted securities received in good order the next business day after the shares are received into TrustBridge’s brokerage account.

Thinly traded, restricted, or illiquid securities may require special handling and must be pre-approved by TrustBridge (see Asset-Based Giving on page six).

Securities requiring special handling or a change in registration (such as mutual funds that are proprietary to certain brokerages) may take longer to liquidate. Proceeds from the liquidation of the gifted securities, net of all trading costs, including legal fees and other expenses charged by the brokerage firm, are transferred to the applicable Fund upon settlement. TrustBridge is not responsible for any loss in value that may occur between the donor’s transfer of any security gift and its subsequent liquidation.

CRYPTOCURRENCY

All cryptocurrency transactions are charged a 1% assessment and subject to a CHF 500, or other currency equivalent minimum per transaction. Pricing for less-traded or obscure coins may be decided upon at time of transaction.

ASSET-BASED GIVING

We are one of the world’s leaders in receiving, managing, and liquidating complex gifts. This may include:

- privately held corporate stock and business interests
- restricted securities (or publicly traded securities that may have sale restrictions)
- real estate property
- art and other tangible personal property
- royalties or copyrights
- life insurance (term, whole, universal, or variable)
- loan notes (money owed to you through loan notes)

TESTAMENTARY GIFTS AND GIFTS FROM TRUSTS

Individuals may designate TrustBridge to receive all or any portion of their estates after their lifetime. This may be accomplished through a:

- bequest in a will or trust
- beneficiary designation in a pension or other retirement account (please contact us as additional rules may apply)
- beneficiary designation in a life insurance policy
- payable or transfer on death beneficiary designation in a bank or brokerage account
- life income arrangement (such as a charitable gift annuity or a charitable remainder trust)
- testamentary charitable trust

Legal or tax advisors should be consulted for guidance with establishing testamentary instructions as well as for necessary appraisals of designated gift(s). When setting up a testamentary gift through a pillar pension, will, trust, or beneficiary designation, we recommend that TrustBridge be notified and that the appropriate vehicle at TrustBridge be established to facilitate the receipt and final distribution of any testamentary assets. Notifying TrustBridge does not prevent a donor from changing or eliminating the proposed testamentary gift during his or her lifetime.

Any testamentary documents should be sent to the address listed below and use the following designation:

Zelgistrasse 10
3608 Thun, Switzerland

“The ____ Fund at TrustBridge Global Foundation (a charitable, non-profit *stiftung* organized under the laws of Switzerland) subject to its governing instruments, policies, and procedures, as amended from time to time.”

The preferred and most common form of testamentary gift is cash, which may result from liquidation of assets prior to distribution from the estate. TrustBridge may also receive testamentary gifts of complex non-liquid assets. TrustBridge acceptance of an asset-based gift will follow its normal process and practices pursuant to the gift policy in effect at that time.

Generally, TrustBridge will begin making grants once the estate settles, the appropriate authority renders an estate tax closing letter, or TrustBridge is otherwise reasonably confident there is minimal risk of controversy with respect to the estate.

Receipting for Gifts

TrustBridge will issue a receipt for each eligible gift. Receipts for cash gifts made by check will reflect the amount of the gift and the date received, and typically will be issued to the donor(s) whose name(s) are printed on the check used to make the gift. Receipts for gifts of marketable securities and non-liquid assets will be issued to the donor and provide a description of the asset and the gift's value.

TrustBridge Foundation Fund

Fund Information

FUND NAMES

Although our standard requirement is that all Fund names begin with “The” and end with “Fund,” we encourage creativity in naming your TrustBridge Foundation Fund. Many are named after a charitable cause or family. If a chosen Fund name is inappropriate, TrustBridge may ask that it be changed. The Fund name will generally appear along with your name and address on correspondence, including the letter that accompanies each grant issued from the Fund. You also have the option of selecting anonymity, in which case the Fund name will not be displayed on grant distributions.

ROLES

Representation on a Fund is recognized through the assignment of Fund roles. The available roles are Fund Holder, Fund Advisor (Full Access), Fund Advisor (View Only Access), and Successor. Individuals performing roles on a Fund must be of legal age to enter into contracts.

Fund Holder status is automatically given to the individual(s) who open and give to the Fund. Fund Holder(s) are assigned full access to the Fund.

Fund Advisor (Full Access) is given to individual(s) who are granted access by the Fund Holder(s) to a Fund. This role is often used for attorneys, accountants, financial advisors, family members, friends, or company representatives.

Fund Advisor (View Only Access) status is given to individual(s) who may be informed of activity in the Fund, but do not have access to act on behalf of the Fund.

Successor status is given to individual(s) who have been designated authority to manage the Fund upon the death of the Fund Holder(s).

Regardless of their role, any individual may manage their contact information and personal profile settings through our website or by contacting our office. Fund Advisors may be removed from a Fund at any time by the Fund Holder(s), although they will remain in our system and may open their own Funds.

STATEMENTS

Funds with activity or a balance receive monthly Fund statements that include information on gifts, grants, and investment performance for that month. Fund statements are informational in nature and should not be used to substantiate gifts to TrustBridge.

COMMUNICATION PREFERENCES

TrustBridge sends statements, notifications, and alerts based on your communication preferences for each Fund. These preferences may be managed online or by contacting us at admin@trustbridgeglobal.com.

SUCCESSION PLANS

Upon the death of a Fund Holder, a Fund may continue to be managed by the surviving Fund Holder(s) (if applicable). Fund Holders may also establish Successors to manage the Fund or name charitable beneficiaries to receive grants from the Fund.

Individuals with Fund Holder status may manage the succession plan in writing to TrustBridge during the life and legal capacity of the Fund Holder(s). The succession plan may indicate that the Successor(s) are to continue using the existing Fund, in which case any previously placed restrictions on the Fund will remain. Alternatively, the succession plan may recommend that the remaining assets in the Fund be divided and distributed in any one or more of the following ways:

- to a new Fund to which the Successor(s) will become Fund Holder(s)
- to one or more eligible charities, SO Fund(s), or Charity Fund(s)
- to support the work of TrustBridge

If a minor or legally incapacitated individual is named as the sole Successor, TrustBridge will require the appointment of a legal guardian to act on behalf of the Successor. In rare cases where no named individual is willing or able to become a Successor, or cannot be located after a reasonably diligent search, TrustBridge's Board of Directors will assume the role of distributing the assets of the Fund, taking into consideration the prior grant recommendations of the Fund Holder(s).

Charitable beneficiaries must be operational and eligible to receive grants from TrustBridge at the time of distribution. If a charitable beneficiary no longer exists or is ineligible to receive a grant from TrustBridge, then TrustBridge will make every effort to grant funds to an eligible organization that supports similar purposes.

TrustBridge Global Foundation is the first donor-advised fund charity that has been built from the ground up to be truly global.

Investment Options

The default investment for a TrustBridge Foundation Fund is an interest-bearing account. On any new contribution, interest begins to accrue one week after the money is received. Liquid assets held in a TrustBridge Foundation Fund may be invested in a variety of passive index options in multiple base currencies based on the Fund Holder(s)' and/or Fund Advisor(s)' risk tolerance and investment time horizon.

OUR INVESTMENT PHILOSOPHY

TrustBridge's investment philosophy balances maximizing total return and capital preservation, which is intended to protect the value of assets while they are held for future distribution. We believe that low-cost passive index investments help to achieve superior risk-adjusted returns that are appropriate for the anticipated holding period.

INVESTMENT ALLOCATIONS

TrustBridge works with the Fund Holder(s) and Fund Advisor(s) to determine percentage allocations to asset classes (primarily money market, bonds, real estate securities, and equities), regions (such as Europe or the U.S.) and base currency for the Foundation Fund.

SEPARATE ACCOUNT MANAGEMENT

If the Fund Holder(s) or Fund Advisor(s) wish to invest beyond passive index returns, separate account management is available. This may include active management with the objective of outperforming the indices, socially responsible investing, etc. TrustBridge will work with the Fund Holder(s) and Fund Advisor(s) to select a bona fide professional investment manager who agrees to a discretionary mandate that meets those objectives.

MISSION RELATED INVESTMENTS ("MRI")

The Fund Holder(s) and Fund Advisor(s) may desire to invest fund assets in companies or projects that further TrustBridge's charitable mission, as well as earn a return of capital and a return on capital. TrustBridge may accommodate this type of investment, and if so, will work with the Fund Holder(s) and Fund Advisor(s), as well as management of the target company to perform the necessary due diligence to determine if the investment can be approved.

MARKET FLUCTUATIONS

Market fluctuations may increase or decrease the value of assets held in a TrustBridge Foundation Fund. Investment allocations should be recommended with the appropriate distribution objectives and time horizon in mind.

Foundation Fund Assessments

TrustBridge assesses its Funds in proportion to their balance and activity so that the costs of running TrustBridge are equitably shared by all. These assessments cover the costs of grant making and numerous other support activities such as facilities, gift processing and receipting, Fund and grant administration, legal compliance, accounting, communications, and human resources. The table below describes the assessments that are applicable to a TrustBridge Foundation Fund.

TrustBridge Foundation Fund

Assessment	Description
Administrative Cost Assessment ("ACA")	The Administrative Cost Assessment ("ACA") is calculated as 1/12th of the annual rate assessed on the average daily fund balance each month. This amount is based on the daily fair market value of the assets. This assessment will be a minimum of CHF 75, or other currency equivalent per month, unless the balance is zero. The ACA on the first CHF 5,000,000 is 0.30%. The next CHF 5,000,000 allocation is 0.25%. The following CHF 5,000,000 allocation is 0.20%, and the allocation thereafter is 0.15%.
Investment Oversight Assessment ("IOA")	This does not apply to Funds invested in TrustBridge cash and default passive investment options. The Investment Oversight Assessment ("IOA") is calculated as 1/12th of the annual rate assessed on the average daily fund balance each month. This amount is based on the daily fair market value of the assets. The IOA on the first CHF 5,000,000 is 0.50%. The next CHF 5,000,000 allocation is 0.40%. The following CHF 5,000,000 allocation is 0.30%, and the allocation thereafter is 0.20%. Also, the IOA is subject to an alternative minimum of between 2.5% down to 1.0% of the annual operating cash flows (EBITDA) of any asset held in the Fund.
Due Diligence Assessment / Investment Origination Assessment	The Due Diligence Assessment is a percentage of the fair market value of each Mission-Related Investment (see page 9) or Complex Asset. This is typically a 3% assessment but is subject to a minimum of CHF 3,000 or other currency equivalent.
Foreign Exchange	Funds are assessed the greater of the actual foreign exchange fees and costs incurred, or 50 bps (0.50%) over the wholesale exchange rate.
Other	TrustBridge makes assessments when it provides administrative, charity research, grant management, and/or investment management support. This amount is as agreed upon when the solution is selected.

TrustBridge Charity Fund

Fund Information

FUND NAMES

All Charity Fund names must begin with “The” and end with “Fund” and be associated with the legal name of the charity. If a chosen Fund name is inappropriate, TrustBridge may ask that it be changed. The Fund name appears along with your name and address on correspondence that accompanies each grant issued from the Fund.

ROLES

Representation on a Fund is recognized through the assignment of Fund roles. The available roles are Fund Holder, Fund Advisor (Full Access), and Fund Advisor (View Only Access). Individuals performing roles on a Fund must be of legal age to enter into contracts.

Fund Holders are assigned full access to the Fund and are generally signatories for your organization with authority over financial decisions and with the ability to make attestations regarding your charitable activities. Fund Holders will have full access to the online portal to make distribution requests and view Charity Fund activity. They can also assign Advisors to the Fund.

Fund Advisor status is given to individual(s) who are granted access by the Fund Holder(s) to a Fund. This role is often used for attorneys, accountants, financial advisors, or company representatives.

Fund Advisor (View Only Access) status is given to individual(s) who may be informed of activity in the Fund, but do not have access to act on behalf of the Fund.

STATEMENTS

Funds with activity or a balance receive monthly Fund statements that include Fund activity such as gifts and grant distributions.

COMMUNICATION PREFERENCES

TrustBridge sends statements, notifications, and alerts based on your communication preferences for each Fund. These preferences may be managed online or by contacting us at admin@trustbridgeglobal.com.

Grants

GRANTS TO CHARITY FUNDS

When a giver recommends a grant to a charity, TrustBridge's standard practice is to establish a Charity Fund from which a distribution is then made to the charity. A Foundation Fund Holder or Fund Advisor may recommend, but do not control, how assets in the Charity Fund are distributed. All grant recommendations are subject to TrustBridge's grant approval process, and prior to the gift being made, all charities must undergo a due diligence process conducted by TrustBridge.

RECOMMENDING GRANTS

Grant recommendations from a Foundation Fund Holder or Fund Advisor may be made by logging into our website, telephone, e-mail, fax, or post mail. Each recommendation should include the following information:

- the Charity Fund name and number (if previously established)
- the amount of the proposed grant (minimum CHF 100, or other currency equivalent, or more depending on the charity's location)
- frequency of the grant as a single grant or schedule of recurring grants
- specific recommendation, if any, for the grant (*i.e.*, support for a particular project of the organization)
- specification of whether the grant is to be made anonymously (note, unless anonymity is requested, the recipient will be advised of the giver(s) recommending the grant).

If the Charity Fund is not already established, please contact a member of the TrustBridge team at admin@trustbridgeglobal.com to inquire about the necessary due diligence associated with the charity application process. No money can be gifted until the designated charity has been fully vetted and approved by TrustBridge.

QUALIFIED CHARITIES

TrustBridge will only make grants to charities that meet Trust Bridge's grant guidelines and that do not jeopardize its reputation and good standing with regulators and banks. The following list describes some of the types of organizations eligible to receive grants from a TrustBridge Charity Fund:

- Swiss tax-exempt organizations as defined under Article 56g of the Federal Direct Tax Act (FDTA), the Federal Tax Administration's Circular No. 12 of 8 July 1994 and guidelines of 18 January 2008 established by the Swiss Tax Conference for the cantonal tax authorities
- public charities, government entities (*e.g.*, libraries, public schools, police stations), and churches (including dioceses, monasteries, friaries, or abbeys)
- private foundations
- other charities outside Switzerland that meet TrustBridge's standards, ascertained during the grant due diligence process.

QUALIFIED CHARITABLE ACTIVITIES

TrustBridge makes grants in accordance with its charitable mission. Grant recommendations to organizations whose tax-exempt purposes or activities are opposed or antithetical to TrustBridge's charitable purposes will not be approved.

QUALIFIED GRANT PURPOSES

All grants must be issued for qualified charitable purposes. The following guidelines demonstrate the purposes for which a grant may be distributed.

Health: Improve medical care and health care; in particular through the use of medical personnel, provision of medicines and medical equipment, and facilities (including dental medicine), the construction of health care facilities such as hospitals, nursing homes, medical, dentistry, pharmacy, educating medical professionals, knowledge in the field of health prevention and hygiene, and the promotion of medical research.

Education: Establishment and support of educational institutions at all levels, particularly the early education of children, vocational training, and adult education, provide teachers and trainers, provide learning and training material, and support for training programs

Cultural promotion: Establishment and support of cultural promotion programs, cultural institutions, and organizations such as concert facilities, theaters, museums, libraries, and the promotion of artists.

Poverty alleviation: Ensuring decent housing situations, support and relief in natural and environmental disasters through reconstruction of buildings and infrastructure, providing clothing and protection materials, combating hunger and malnutrition, ensuring good water supply, promotion of institutions for orphans and the disabled, protection of natural resources ensuring sustainable and self-sufficiency enabling soil management, promotion of small enterprises and start-up companies in developing and emerging countries micro-credit, supporting programs to increase employment levels in developing and emerging countries and programs to protect people against social injustice.

Promotion of the Christian faith: Promotion of the Christian faith in Switzerland and worldwide by supporting churches, church associations

and other Christian organizations, including the promotion of Christian educational institutions such as Bible schools, schools for the training and further education of Christian leaders and theological universities.

IMPERMISSIBLE GRANT PURPOSES

Impermissible grant purposes include, but are not limited to:

- private benefit for any individual(s)
- dues or membership fees

GRANT APPROVAL

Grant recommendations are non-binding and will only be approved after TrustBridge has verified the organization's charitable status and mission as well as the recommended use of the grant (grant purpose). If the organization or grant purpose cannot be verified, the grant recommendation may be delayed or denied.

SCHOLARSHIPS

TrustBridge does not provide grants for the benefit of individuals seeking scholarships. Nor will it name individual beneficiaries as a part of grant instructions it provides to educational institutions. TrustBridge does not handle individual scholarships or work with schools to receive scholarship monies for specific individuals.

TrustBridge will make grants to general or specific scholarship funds at schools and universities, but no direct beneficiaries can be named and the scholarship program must have sufficiently wide parameters and independent decision making on how scholarship funds are allocated and distributed.

Generous Communities.

Global Networks.

Better Life.

SCHEDULING GRANTS

Grant recommendations may be scheduled as a single grant or as a recurring schedule of grants. Future grants from a recurring grant schedule that was approved in the past may be denied if eligibility rules, the organization's status, or legislation changes.

FUND BALANCE CONSIDERATIONS

An appropriate Fund balance must be available to satisfy a grant prior to the recommended issue date. Grants will not be issued for amounts greater than the available Fund balance.

PROCESSING TIME FRAMES

If a Charity Fund has previously been established, approved grant recommendations are generally processed within one business day. During seasons of peak activity, this process may take more time due to higher grant volumes.

However, the review process for a new charity may take from a few days to a few weeks or longer depending upon the charity's legal domicile and responsiveness. If an organization cannot be reached or does not supply the requested information within ten business days, the grant recommendation may be declined.

OUTSTANDING GRANTS

TrustBridge reviews its outstanding grants to charities on a regular basis. If a charitable organization has not received wired funds within fifteen business days, TrustBridge will investigate the outstanding payment with the organization to ensure timely delivery. For grants made through a local Network Member, other distribution methods may be used including physical checks, domestic wire, ACH, EFT, SEPA, or other means. Delivery of such grants may take longer and TrustBridge confirms receipt in all cases.

ACKNOWLEDGEMENTS

While charities may choose to issue a separate thank you acknowledgement of gifts, primary acknowledgement (including tax receipts) may only be issued to TrustBridge in order to prevent the inadvertent claiming of an additional deductions by donors.

Charity Fund Assessments

TrustBridge assesses its Funds in proportion to their balance and activity so that the costs of running TrustBridge are equitably shared by all. These assessments cover the costs of grant making and numerous other support activities such as facilities, gift processing and receipting, Fund and grant administration, legal compliance, accounting, communications, and human resources. The table below describes the assessments that are applicable to TrustBridge Charity and Canada Program Funds.

Charity Fund

Assessment	Description
Charity Certification	This assessment covers the cost of charity approval and the annual renewal of approval, subject to a minimum of CHF 150, or other currency equivalent.
Contribution Assessment	For contributions from certain countries (e.g. Australia or New Zealand), a 3% Contribution Assessment is applied on the incoming contributions to the Global Member Charity. This assessment is applied to grants requiring special handling, and other unusual processing expenses or costs. There is a minimum assessment of AUD 150 or NZD 150, or other currency equivalent.
Grant Assessment	This cost is assessed for outgoing cross-border grants, grants requiring special handling, or other unusual processing expenses or costs. This is typically 1% of the grant amount, but is subject to a minimum of CHF 300, or other currency equivalent. A processing assessment of CHF 25, or other currency equivalent, applies to cover wire costs; this does not cover any fees assessed by the receiving charity's bank or other intermediaries.
Foreign Exchange	Funds are assessed the greater of the actual foreign exchange fees and costs incurred, or 50 bps (0.50%) over the wholesale exchange rate for top tier currencies (ex: CHF, USD, CAD, GBP, EUR, JPY, AUD, NZD). Other lower tier currencies may be assessed at 100 bps (1%) depending on the currency's pricing. TrustBridge determines at its sole discretion which currencies are considered top tier or lower tier and may make changes from time to time.
Other	TrustBridge makes assessments when it provides administrative, charity research, grant management, and/or investment management support. This amount is as agreed upon when the solution is selected.

Canada Program Fund

Assessment	Description
Canada Program Fees and Assessments	Before setting up a Canada Program Fund, a TrustBridge Charity Fund must first be established (the normal due-diligence and set up fee of CHF 150, or other currency equivalent applies). Once established, there is an initial Canada Program set up assessment of CHF 1,900, or other currency equivalent. This Fund is renewable annually at the same cost. A 3% grant assessment is applied to all onward grants from the Canada Program Fund. No incoming contribution assessments apply.
Foreign Exchange	Funds are assessed the greater of the actual foreign exchange fees and costs incurred, or 50 bps (0.50%) over the wholesale exchange rate.
Other	TrustBridge makes assessments when it provides administrative, charity research, grant management, and/or investment management support. This amount is as agreed upon when the solution is selected.

General Information

TrustBridge's Annual Audit

TrustBridge is audited annually by an independent accounting firm, and a copy of TrustBridge's annual Independent Auditors' Report and Financial Statement is available on our website.

Important Note About the Purpose of this Document

This Guide describes how TrustBridge currently operates in pursuit of its charitable mission. TrustBridge, at its discretion, may modify this Guide at any time and without prior notice. No part of this Guide constitutes an agreement between TrustBridge and any giver, charity, or any other person, or otherwise binds any person, and the information provided in no way constitutes legal advice.
