

TRUSTBRIDGE GLOBAL FOUNDATION®

Charity Fund

International Giving Solution

What is a Charity Fund?

TrustBridge Global Foundation's Charity Fund is a Swiss-based account enabling charitable organizations to receive donations easily from just about anywhere in the world.

Similar to "friends-of" organizations or other fiscal sponsor arrangements, your Charity Fund can facilitate international charitable grants, but with less cost and administration.

The TrustBridge Global Foundation Charity Fund isn't country-specific, so you can receive donations from donors in many countries. Though simple to use and very flexible, your Charity Fund can be a powerful tool for increasing giving and expanding the impact of your organization's mission.

Making Global Giving Easy

We have helped charities in over 100 countries receive donations from around the world, all conveniently through their very own Charity Fund.
