

Making Global Giving Easy

Save Money | Save Time | Reduce Risk

Making Global Giving Easy

Giving directly to international charities is often wise you make the most out of your giving and directly reach the communities you want to help.

But sometimes you feel like you're wasting time and money trying, or worse, putting yourself or your foundation at risk

So the gift doesn't get made.

We get it. We understand—and we have a plan to help you get where you want to go.

What We Do

TrustBridge believes global giving should be easy so that resources can flow to the areas of the world that need it the most.

Our vision for givers everywhere is to provide an easy way to make donations to any charity in the world at low cost. We send grants through our global network of foundations for maximum efficiency and convenience.

For Charities

At TrustBridge, we want to remove any barriers preventing charities from receiving donations from almost anybody, anywhere in the world. Our offer is to make it easy to go global in your fundraising, so you can focus on your mission.

TrustBridge offers a safe, easy and efficient method for making tax-deductible gifts to charities in other countries.

We searched for a reliable and cost-effective way to process donations from our US supporters for years. Now, after almost a decade of relying on TrustBridge's services I cannot fathom how we did life before! The professionalism, timeliness, and customer support make our international transactions smooth and efficient.

Solutions **For Your Giving**

Your Foundation Fund

A Foundation Fund is the premier donor-advised fund (DAF) from TrustBridge Global offering donors an international platform for charitable giving from a trusted Swiss host.

With a Foundation Fund, you can navigate the complex international banking system and laws and avoid the expensive transactions and endless red tape that would leave your generosity stranded at the border. You can see your grants flow safely, quickly, and affordably to wherever you want your giving journey to go.

Whether you are looking for grant-making flexibility, charitable asset protection, excellent service, or the simplicity of managing your philanthropy from one place, the Foundation Fund is your perfect global giving solution. Generosity on a global scale requires expertise and a great team. With administrative hassles out of the way, you can stay focused on the most important aspects of giving: making an impact, receiving joy, and improving lives all around the world.

Domestic Or International Grants

When you are ready to send money to a charity, it's easy to follow these steps:

1. Contact our team and tell us where you want your grant to go. We'll contact the charity, confirm their legal status, verify their bank accounts, manage all compliance and legal regulations, and ensure they are equipped to handle the donation.
2. When your charity is approved, you can give by transferring money from your bank, by using your Foundation Fund, or a Fund managed by a member of our extensive global network.
3. TrustBridge handles the rest; ensuring your charity safely receives the grant in their local bank account. Grant assessments are typically only 1%, subject to CHF 240 minimum.

Protect Your Charitable Assets In Switzerland

At TrustBridge, we know that you want to be wise in stewarding your charitable assets. In order to do that, you need a safe and easy vehicle for preserving assets and making gifts to charities you care about in your community and around the world.

The same reasons that motivated our team of global experts to build our platform in Switzerland make it a strong charitable asset protection solution for many large foundations and individual donors.

Our Promise To You

- A team of seasoned professionals assigned to you from around the world
- The ability to make grants to almost any charity, anywhere
- Absolute protection of your family's privacy
- Security and safety for your assets

Common Questions:

Who can open a Foundation Fund?

A Foundation Fund is a perfect giving solution for individuals, private foundations, families, companies, and even charitable organizations. A donor-advised fund can be a flexible part of many giving solutions.

How do I give to my Foundation Fund?

You can contribute liquid currencies, appreciated assets like stock or real estate, or other valuable assets. Let our experts help you maximize your giving. Even if you are a dual-country taxpayer or have tax obligations in many countries, we can help you send more to charity and less to taxes.

Can I transfer an existing balance?

Yes, DAF or private foundation assets in many countries can easily be moved to your Foundation Fund.

How much does it cost?

TrustBridge shares the cost of operations proportionally among its donors. It collects an annual administrative assessment of only 30 basis points (0.3%) per year (charged monthly based on the average daily balance). Other costs vary based on investment selections and unique administrative services provided.

What investment options can I recommend for my DAF balance?

Several time duration options exist and custom investment options can also be accommodated including exposure to multiple international exchanges.

How A World-Leading Grant Maker Uses Trustbridge Global Foundation

About The Maclellan Foundation

The purpose of the Maclellan Foundation is to provide financial and leadership resources to foster biblical Christian values in the community and meet practical and spiritual needs. This is primarily accomplished through faith-based ministries. On a national basis, the foundation's vision is to see strong families worshipping in healthy churches, influencing culture, and seeking to serve God above all else.

Maclellan's Situation

- Some of Maclellan's projects are in closed countries that Maclellan couldn't reach.
- Some grants cost unreasonable amounts in fees.
- Some providers offered less personal touch and set a lower bar for customer service.
- When making some technically challenging grants, Maclellan wanted another set of eyes to provide legal assurance but didn't know where to turn.
- In one instance, the best way to serve a grantee in Europe was through a loan rather than a direct grant. Maclellan knew that was the right answer but did not know how to execute.

TrustBridge has helped solve all these issues for Maclellan.

"Now I prefer them to any other service... If I want to have the utmost confidence in a complicated grant, I send it their way."

- Cathy Cates

Director of Operations, Maclellan Foundation

Maclellan often funds groups that do not have access to traditional Western funding. They are hard to find and hard to fund. TrustBridge makes that possible.
